On behalf of the American Planning Association Sustainable Communities Division I am proud to inform you that Lemle & Wolff, Inc. is the inaugural recipient of the Sustainable Building Project Award for the 812 East 231st Street Energy Reduction Project. The application for the award was submitted by Andrea Jandricek of Design AIDD Architecture, and The Daylight Savings Company will be honored as a project team member.

The Excellence in Sustainability Awards will be presented at the Division's annual meeting and reception on April 27, 2014 from 5 to 7 p.m. during the 2014 National Conference of the American Planning Association in Atlanta.
